

Appl. No. 10/788,708
Amdt dated May 23, 2006
Reply to Office Action of 03-30-2006

REMARKS

In the Official Action the Examiner indicated that all claims are allowed but suggested amendments to Claims 2 and 15 to correct a typographical error and to preserve consistency of terminology and to clarify antecedent basis. Applicant has amended Claims 2 and 15 as suggested by the Examiner.

In the Official Action the Examiner also objected to the Declaration of Inventorship as failing to identify the citizenship of inventor Kevin Carlson. The Examiner required a new Oath or Declaration. Accordingly, Applicant submits herewith the required substitute Declaration of Inventorship.

Claim 23 has been amended to correct a typographical error in the number of that claim. The claim was inadvertently written as Claim 20 at page 20 of the original application. Applicant has amended this claim to correct the typographical error so that the claim is now correctly shown as Claim 23.

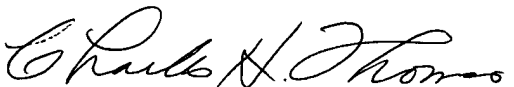

It is believed that with the amendment of Claims 2 and 15 and the provision of a substitute Declaration of Inventorship the application is now in a condition for allowance.
